

## EDISON BETHUNE CHARTER ACADEMY STUDENT ACCEPTANCE USAGE POLICY (AUP)

**INTERNET:** Edison Bethune Charter Academy has actively pursued making advance technology and increased access to learning opportunities available to our students. We believe this computer technology will help propel today's schools into the information age by allowing students to access and use information sources from distant computers, communicate and share information with individuals or groups of other students, and significantly expand their knowledge base. Internet is a tool for LIFE LONG learning and only begins to open the door to many advanced tools to look forward to.

**PROPER AND ETHICAL USE:** With using learning tool students must understand and practice proper and ethical use. All students and staff must attend in-service regarding procedures, ethics, and security involving using Internet before receiving and account name and password in order to use the system. Listed below are basic rules that must be followed when using the network.

1. Students must never allow others to use their password. Students should always protect their password to insure system security and their own ability to continue to use the system.
2. Students must always get permission from their instructor before using the network or accessing any specific file or application.
3. Students must login or register each time they use the network.
4. Parents must realize that students may encounter material while using Internet that they do not consider appropriate or which is offensive to them. It is the student's responsibility not to peruse such material.
5. Certain applications that a student may access could be considered inappropriate by staff and therefore, restricted from use. Students are not permitted to use specifically restricted applications, network files, or documents.
6. Cyber bullying will have zero tolerance

**PENALTIES FOR IMPROPER USE:** Pupils violating these rules, applicable state and federal laws or posted classroom rules are subject to loss of network privileges and disciplinary options ranging from a failing class grade to expulsion from school. Each student must clearly understand the importance of following these rules.

BEFORE USING OUR NETWORK FACILITIES STUDENT AND PARENT MUST SIGN BELOW INDICATING THAT YOU ARE AWARE OF AND AGREE TO FOLLOW THE RULES AND CONDITIONS DESCRIBED ABOVE.
